September 12, 2018

Dear Village of Stickney Residents,

We are very excited to offer a new <u>100%</u> green energy program for Village of Stickney residents and small business at <u>no extra</u> <u>cost</u> to you or the Village. This program promotes renewable energy, a clean environment, and creates jobs for American citizens. As part of the program, the Village will receive EPA-eligible certified Renewable Energy Certificates ("RECs") from renewable energy such as wind and solar resources to match the community's entire residential and small commercial electricity load.

The Village of Stickney currently offers an 'opt out' electric municipal aggregation program to all residential and qualified small businesses from **October 2018 - May 2021**. The program will be administered by Eligo Energy IL, LLC ("Eligo"), a leading electricity supplier located in Chicago. As an eligible member of this program, you will remain a ComEd customer with one very important difference – your energy usage will be offset by 100% renewable energy for the duration of the program. Customers that will receive electricity supply service from Eligo will do so at the same rate that you are paying to ComEd.

Because you will remain a ComEd customer, there is nothing that you need to do in order to participate in the program. You will continue to receive a bill from ComEd. The only change will be in Eligo purchasing RECs on behalf of the Village at no cost to you or to the Village. Nothing will change on your ComEd bill due to your participation int his program.

**OPT-OUT INSTRUCTIONS**. If you do not want to receive the benefit of offsetting 100% of your electricity usage with renewable energy at no extra cost to you, you may elect to be removed from the program by calling 312-260-0885 or emailing <u>StickneyVillageOptOut@eligoenergy.com</u>. If you have questions or need additional information about Municipal Aggregation or Eligo, please visit <u>www.eligoenergy.com/cities/il/Stickney</u> for FAQs and community-specific information. Eligo Customer Care is available 7:00am to 6:00pm Monday through Friday at 312-260-0885.out.

Please note: to participate in the Village of Stickney 100% green municipal aggregation program, **you do not need to respond**. You will remain a ComEd customer as long as you do not switch to another electric supply company. Although Village of Stickney is offering this program, we ask that rather than calling the Village, you direct specific aggregation program questions to Eligo at 312-260-0885

Sincerely,

AND

Jeff Walik Village President
